Have you ever wondered...

What is the first step to get an interpreter?

Do I have an interpreter for my appointment?

Can I request a specific interpreter?

I was frustrated with the interpreter at my
appointment today, who do I call?

Why do I wait so long for an interpreter when I
am in the emergency room?

This workshop will be conducted in ASL.
If you need an accommodation contact NorCal
before January 15, 2010.
